COSTUMES, HAIR & MAKEUP

COSTUMES

- Make sure you're taking good care of your costumes at home! They should not be worn around the house and only for dress rehearsal/show day.
- If your costume came with accessories make sure you have them.

HAIR

- Hair for all routines except ballet is mid pony no part (picture on the left)
- Hair for ballet is same pony woven into a bun (picture on the right)
- Please use product in hair for whispies. For buns, please use hair colored hairnet and bobby pins.

MAKEUP

- The above is a typical stage makeup look. We wear makeup onstage as the lights wash out human faces
- As parents please choose your comfortability in applying stage makeup. At very least a little blush and eyeshadow and a light lip will help you to see their beautiful faces onstage!
